

國立秀水高工 100 學年度親職教育週 班級家長座談會記略

攜手同心 風華再現

校長講話

本校創校於民國 26 年(1937 年)，迄今已有 74 年之久，是一所歷史悠久、具有優良傳統之技職學校。創校至今，經歷任校長用心擘劃學校願景及辦學策略，在全體同仁默默付出，為下一代教育而努力，塑造出優質校風的學園。學校秉持教育愛奉獻之精神，不放棄任何一個孩子，把學生當作自己的寶貝，讓每個孩子都能成功。學校教育目標除重視基礎學科、專業知識與技能實習外，更積極培養學生閱讀風氣，重視學生品德教育與人文素養，激發學生潛能與才能，引領學生學習興趣，建立學生學習信心與創造之能力，培育有信心、有價值、有尊嚴及自我實現的學生。因此，學生無論在升學考試、技藝競賽、技能檢定、科學展覽、創意作品及社團活動等方面，均有優異的表現。

「教育之道無他，唯愛心與耐心而已」，成功的教育人員必需有如是執著的教育愛，才能成為青年學子知識技能不斷成長的師傅、品格情操不斷提升的導師，更是學子們生涯發展的貴人。因此，個人願與全體同仁同心協力，以開放的胸懷，多元的心態和寬廣的眼界，秉持教育核心理念「適性揚才，迎向全球，扶助弱勢」，以學生為主體，尊重教師專業自主，使學生能夠多元選擇適性發展，發揮個人潛能，推動「全人教育」、「人格教育」及「人文教育」，使秀工學生，成為 21 世紀具有競爭力的優質公民。

個人在台中高工服務 28 年、在花蓮高農擔任校長 4 年期間，輔導學生在各方面的表現及學校經營規劃，雖然有豐富的經驗，但是如何建構更優質友善校園，培育學生更優異成績的表現，則需要全體同仁共同合作，無論在校務規劃運作、學校本位課程發展、社區產學合作及改善學校教學資源等各方面，個人願盡力作一位維持者，凝聚團隊精神，建立共同願景，達成師生、家長與社會之期望，為秀工建立「和諧、效率、廉能、品質、創新」之指標。

校長工作是榮譽職也是服務職，校長無論在辦學理念、專業素養、領導作為與形象風格，均應作為全體同仁及學生之表率。學校教育工作中，學生是最重要的主體，所有教學工作應以學生為最大考量，為了培養學生五育均衡發展，學校在行政管理、學生事務、課程教學、環境設備、社群互動、專業領域及學生輔導等，均應週詳規劃，研擬各項工作計畫，落實執行。此外，更希望能結合學校行政、教師、學生、家長、校友及社區人士共同參與，建立合作夥伴關係，在學校現有發展基礎上，主動發現問題、面對問題，採取最佳策略解決問題，建立和諧關懷溫馨的「友善校園」學習環境。增進教師的專業素養，提昇教師教學方法及評量分析、促進學生的學習成效，加強行政團隊服務效率及結合社區資源，共創秀工希望的未來。

Hippos are better than turtles Janina. Screw turtles.

Now that I have spent 3 weeks in Taiwan already, I have already made myself a rough picture of what is going to expect me. Taiwan is a beautiful country and the people are very culturally oriented but helpful. I am going to take a two-week break from school from the 16th of December to the 2nd of January to travel around the island with my girlfriend. She has already bought the flight because I talked so good about Taiwan and I can't wait to show her this beautiful country. If you want, I can ask her if she wants to come visit this school for a couple of hours after our trip through Taiwan. I am looking forward to introducing her to the school staff and show her Back in Berlin I had been preparing to go to Taichung or Taipei. Not a little town like Shihu. That was a great surprise for me. I had been expecting to go to a city. They told me about where I would stay after I arrived here which probably contributed to the fact that I am having minor troubles adjusting. My host parents are doing their best to show me the traditional culture but are not leaving me with much freedom which is very weird for mer. But I will have to adjust I guess. The people at the school are very nice and open. I would like them to try to talk in Chinese with me because then I could practice my Chinese. The only really stupid thing about school here is that Thiago and I are not allowed to go to the 7/11 during school and that we are treated like children here. In Germany I was allowed to go outside of school whenever I wanted to because people knew they could trust me and that I was reliable. I like the fact that I can go to the weight room, although it would be even better if I could go every day. Sports at school is very important to me because that is the only hobby I can do her. After school I don't have time or energy for anything because school is so long here. So I would really appreciate it if I were allowed to go to the weight room whenever I wanted to.

All in all I feel very welcomed here. The people are helpful and modest. I also have to adjust to the poverty here and the trash lying around on the streets. The streets here are very dirty for my standard and the shops are very unhygienic. I have already gotten sick 2 times. But my body will adjust to that too. I think basically all I have to do is adjust and change. That is what my host dad also always tells me. "When in Rome, live like the Romans!" But that is why I came here. To experience something new, something that I will remember for the rest of my life. It has already been a very memorable 3 weeks and I am sure that my year here in Taiwan will show me a lot of new perspectives on how one can life and maybe even a new meaning of life. Back in Berlin everybody is raised to believe that one shall always be independent, one should never have to rely on others. I was raised to do what I think is right and not what other people tell me to believe is right. In Germany we are very independent and start to not have as much contact with the parents when you turn 16. Here with 16 one is still a child. The parents are always telling you what to do and they will make plans for you. They will basically tell you how to live your life. I was amazed at first to see that the children here actually do that but I soon realized that it is that way because of the culture. They do not know it any differently and that is okay. I am not here to change others or be a rebel, I am here to learn and adapt. That is why I came to Taiwan and did not go to the USA or anything like that. Like I say, Taiwan is a beautiful island and I am excited to explore the island with my girlfriend in December! And I am looking forward to spending more time with the locals to get to know the culture, language, and how to cook.

. Greetings Anton

My life in Taiwan has been an incredible experience so far! Everything is different here, food, people and costumes and even though I miss my Mexico so much it's nothing I can't get used to. My family has been really nice to me, they help me with my Chinese and they are very patient, we understand each other even though we don't speak the same language, they never get angry if I forget something I had to do and I always try my best to do exactly what they expect me to do and it has been working because we get along really well. I have an older host sister but she doesn't live at home so when she comes to visit I like spending time with her and we take the time to talk about my new daily life, how I have been getting used to it and how my Chinese has been improving. I also have a younger host sister who is in Mexico as an exchange student as well. At school my classmates are very nice, they try their best to make us feel part of the group and they created a dynamic so they teach us 5 new words in Chinese every day, they tell us what to do, and how to do it and they have been very friendly, they make us feel special when they seem to be interested in our countries so as we learn about their culture we are also sharing some of ours to our new friends. Our teachers have understood our situation and they chose very easy courses for us so we can participate as we learn in class. Taiwan is a great country; the food is different but good I have tried everything my host parents asked me to! Everything is different even my every day life, taking a bus to school, having a duty, having 10 minute break between classes, having lunch in the classroom, having a rest time and finishing school so late. Everything has been a change for me but as time passes I've been feeling more and more comfortable with Taiwanese culture, the places I've been are beautiful and very interesting and I'm very thankful for being here and I can't wait to learn the language so I can communicate with the wonderful people who is making my stay enjoyable. I'm looking forward for becoming one of you for these months left and I know I will. Time goes by really fast so I have to enjoy every minute in your beautiful country. I'm very lucky for being here and I'm really comfortable in this culture exchange and once I get completely used to living here I know it will be hard to go back to my normal life after spending so much time and sharing so many experiences with these wonderful people.

My life in Taiwan
First things first, I came to Taiwan as a recommendation of my Rotary Club, I said that I wanted to learn Chinese, and they told me this was the place. I did not go looking for everything about Taiwan, actually, before coming here, I did not know anything, not even my city here. I Did that to not create expectations.
My life, since I got here on August 20th has been good, my family went to Taipei to pick me up, we came back by car that day, and it was probably like 32• C. I got to know my family in this first day, but the next day I had to go to the exchange Camp, we spent one week there, with all the other exchange students, most of my time there I was with the other Brazilians, and most of them were still missing Brazil and their family and also, missing speaking Portuguese (already). Well, the other Brazilians are not me, there I made a lot of friends, both, Taiwanese and from other countries, there was the first time I met Anton and Caro. I've had a lot of fun until now, mainly going to Taichung with Anton, but that's another day story, we have fun in the school too, being famous just for being different, that brings good things, but some bad, like too much attention and racism. But most of the time the Taiwanese are very nice to me.

高一時,姐姐曾經說過:「如果你們學校有要選選手,就要努力爭取」,剛開始,我對於當選手代表學校參加比賽並不是十分的有興趣,然而在看過各位學長在中區初賽的表現之後,漸漸的,比賽的競爭性讓我有熱血沸騰的感覺。

我們家裡是以課業為主,一開始父母親不太同意我不顧課業而在學校忙東忙西,自從我初賽榮獲金牌,父親就對校外比賽有極大不同的看法,他知道我對讀書方面不在行,因此他開始鼓勵我參加校外的比賽,也因為父母親的支持,讓我提起精神努力向決賽第一名的目標前進。在父母親.主任老師與導師的鼓勵下,終於在決賽榮獲銀牌,可藉著推甄管道進入國立科大就讀,剛進秀工時,讀國立科大的夢想對我而言是個遙不可及的夢想,沒想到竟然可以藉著一技之長推進國立科大大門,這讓我十分的開心,因為長久的努力沒有白費,這也讓我體會到:「人要成功一定要有永不放棄的精神,當你開始學習全力以赴、不怕失敗繼續努力時,你才會開始進步。」
